

~ *The Jeannie Goddard Memorial Award* ~

"The best memories are the people you meet, the relationships built." "Friendships made is the biggest and best thing." "One of the reasons to love golf is on account of the lessons it teaches, some of them hard, some of them frustrating, some of them desperate." "The game mimes life. It's about integrity. That's why I love it. There's so much to overcome. It's about handling success, challenges and hardships." "And still feeling OK about having teed off in the first place."
